

CURRICULUM VITAE
Alida M. Bouris

University of Chicago School of Social Service Administration
969 E. 60th St. Chicago, IL 60637
Office phone: 773-834-4304 Facsimile: 773-702-0874
Email: abouris@uchicago.edu

EDUCATION

YEAR	DEGREE	INSTITUTION	FIELD OF STUDY
2009	PH.D.	Columbia University School of Social Work New York, NY	Social Work
2009	M.PHIL.	Columbia University School of Social Work New York, NY	Social Work
2004	M.S.S.W.	Columbia University School of Social Work New York, NY	Social Work
1996	B.A.	University of California at Berkeley Berkeley, CA	Women's Studies

ACADEMIC AND RESEARCH APPOINTMENTS

2016 –	<i>Associate Professor</i> , School of Social Service Administration, University of Chicago
2009 – 2016	<i>Assistant Professor</i> , School of Social Service Administration, University of Chicago
2015 –	<i>Co-Director</i> , Behavioral, Social, and Implementation Sciences Core, Third Coast Center for AIDS Research, University of Chicago and Northwestern University
2015 –	<i>Co-Director</i> , Transmedia Story Lab, Center for Interdisciplinary Inquiry and Innovation in Sexual and Reproductive Health (Ci3), University of Chicago
2013 –	<i>Co-Director</i> , Chicago Center for HIV Elimination, University of Chicago
2012 –	<i>Faculty Affiliate</i> , Center for Interdisciplinary Inquiry and Innovation in Sexual and Reproductive Health (Ci3), University of Chicago
2010 –	<i>Faculty Affiliate</i> , Center for Human Potential and Public Policy, The Harris School of Public Policy Studies, University of Chicago
2010 – 2013	<i>Visiting Assistant Professor</i> , Summer Appointment, Center for AIDS Prevention Studies, Department of Medicine, Training Program for Scientists Conducting Research to Reduce HIV/STI Health Disparities, University of California San Francisco
2009 –	<i>Faculty Affiliate</i> , Center for the Study of Gender and Sexuality, University of Chicago
2005 – 2008	<i>Project Coordinator</i> , Columbia University School of Social Work
2004 – 2005	<i>Senior Research Associate</i> , Columbia University School of Social Work

CURRENT RESEARCH

Principal Investigator

Project PrEP-R: Network support to engage and retain younger Black MSM in PrEP care
R34MH111392 National Institute of Mental Health

Duration of Study: 2016 – 2019 Total cost: \$666,816

The project will refine and test an intervention to retain HIV negative young Black MSM in PrEP primary care.

Multiple PI: Bouris and Schneider

Co-Investigator

Examining biomarkers and mechanisms of health disparities in sexual minority women.

1R01HL137246 National Heart, Lung, and Blood Institute

Duration of Study: 2017 – 2021 Total cost: \$800,522

This study will examine if biomarkers of health differ between LGB and heterosexual women, and identify mechanisms by which LGB women may be at heightened risk for compromised health.

PI: Keenan

Principal Investigator

PrEParing Our Youth: Parent and adolescent perspectives on parental involvement in PrEP decision-making among younger Black MSM and transgender women in Chicago

Third Coast Center for AIDS Research Pilot Award

Duration of Study: 2016 – 2018 Total cost: \$50,000

This study will conduct formative, qualitative research on parental involvement in PrEP decision-making among younger Black men who have sex with men and transgender women ages 16-19 years old.

Co-Investigator

Motives for heavy cannabis use among young men who have sex with men living With HIV/AIDS

R03DA041908 National Institute on Drug Abuse

Duration of Study: 2016 – 2018 Total cost: \$168,845

This study is examining motives associated with heavy cannabis use among HIV positive YMSM in Illinois and Colorado, and the association between cannabis use and HIV Care Continuum outcomes.

PI: Bruce

Co-Investigator

Story Lab: Impacting the Public Humanities and Public Health through Digital Narratives

Neubauer Collegium for Culture and Society

Duration of Study: 2016 – 2018 Total cost: \$200,000

The Transmedia Story Lab, based at the Center for Interdisciplinary Inquiry and Innovation in Sexual and Reproductive Health, will explore the ways that narrative arts can influence adolescent health and policy.

Multiple PIs: Gilliam and Jagoda

Principal Investigator

Next Generation Partner Notification and Intervention Services

R34MH104058 National Institute of Mental Health

Duration of Study: 2015 – 2017 Total cost: \$237,000

This study will evaluate the integration of a Partner Services PS-PrEP intervention into routine public health department and HIV testing services.

Multiple PI: Bouris and Schneider

CURRENT RESEARCH (CONTINUED)

Co-Investigator

Accelerating PrEP Diffusion among Black MSM

R01AI120700

National Institute of Allergy and Infectious Diseases

Duration of Study: 2015 – 2019

Total cost: \$3,143,569

This study will use Facebook to characterize the social networks of younger Black MSM in order to identify, recruit, and train peer change agents to promote PrEP to YBMSM at risk for HIV.

PI: Schneider

Co-Investigator

Behavioral, Social, and Implementation Sciences Core, Third Coast Center for AIDS Research (TC CFAR)

1P30AI117943

National Institutes of Health

Duration of Study: 2015 – 2020

Total cost: \$1,102,466

The TC CFAR is a collaboration between the University of Chicago, Northwestern University, Chicago Department of Public Health, Center on Halsted, Alliance of Chicago Community Health Systems, and AIDS Foundation of Chicago. The BSIS Core facilitates collaboration between TC CFAR investigators to analyze epidemiological and other data; facilitate HIV/AIDS research in the social and behavioral sciences; provide training in implementation science; and increase community engagement and involvement in HIV/AIDS research.

PI: Moskowitz

Co-Investigator

The South Side Social Network Strategy (S4 Program)

Chicago Department of Public Health

Duration of Study: 2015 – 2017

Total cost: \$300,000

The S4 Program will engage members of House/Ball and Gay Family communities on the South Side in peer-to-peer referral for HIV testing and other supportive services.

PI: Schneider

Co-Investigator

South Side Pre-Exposure Prophylaxis Project (S2P2)

Chicago Department of Public Health

Duration of Study: 2015 – 2017

Total cost: \$300,000

A PrEP Demonstration Project to optimize the PrEP cascade for Black men, women, and transgender women.

PI: Schneider

COMPLETED RESEARCH

Co-Investigator

Developing a Pre-Exposure Prophylaxis (PrEP) mobile health app for young Black men who have sex with men (YBMSM): miPrEP

SP0033957/ Parent: P30AI117943

National Institute of Allergy and Infectious Diseases

Duration of Study: 2015 – 2016

Total cost: \$157,989

This project developed and pilot test the acceptability of a mobile health app to increase knowledge and awareness of PrEP among YBMSM.

PI of Subcontract: Hill

COMPLETED RESEARCH (CONTINUED)

Principal Investigator

Preventing HIV/AIDS among Young Black Men Who Have Sex With Men (YBMSM)

National Institute of Minority Health and Health Disparities

Duration of Study: 2013 – 2015

Total cost: \$54,312.53 (Loan Repayment)

Research activities focused on developing empirical knowledge on the family influences associated with preventing HIV/AIDS among YBMSM aged 13-29 years old.

Co-Investigator

Network Supported Engagement in HIV Care for Younger Black Men

R34MH097622-01

National Institute of Mental Health

Duration of Study: 2012 – 2015

Total cost: \$450,000

A randomized controlled trial of Project nGage, an intervention to improve engagement in HIV care among young Black MSM and transgender women living with HIV.

Multiple PIs: Schneider and Voisin

Principal Investigator

Parents' Role in Preventing HIV among Black and Latino YMSM: Parent, Youth, and Provider Perspectives

Subcontract with the Center for AIDS Prevention Studies, University of California San Francisco, funded by the National Institute on Drug Abuse

Grant No. 5R25DA028567-02

Duration of Study: 2010 – 2015

Total cost: \$25,000

The overall purpose was to better understand family relationships and communication about sex among LGBT youth and their parents, and the connections between youth, parents and providers.

Principal Investigator

South Side Stories

Ford Foundation

Duration of Study: 2013 – 2015

Total cost: \$500,000

The project used digital storytelling with African American heterosexual and sexual minority youth to elucidate how social context is related to sexual health.

Multiple PIs: Bouris and Gilliam

Principal Investigator

Exploring Youth Perspectives on Digital Storytelling as a Method to Support Empowerment and Health
Renée Logan Faculty Research Fund and the SSA Fund for Faculty Research, University of Chicago

Duration of Study: 2013 – 2015

Total cost: \$5,000

The study examined the experiences and perspectives of youth who participated in a digital storytelling project.

Principal Investigator

Project READY: The Chicago Youth Study

Subcontract with the Institute for Translational Medicine's Pilot Projects in Translational and Clinical Studies Award funded by the National Center For Advancing Translational Sciences

Grant No. UL1TR000430

Duration of Study: 2013 – 2015

Total cost: \$40,000

This study examined HIV risk and protective factors at the individual, family, and community levels among sexual minority adolescent males and transgender females ages 13-19 years old.

COMPLETED RESEARCH (CONTINUED)

Principal Investigator

Family and School Engagement to Protect Gay Youth of Color from HIV, CHAS Seed Grant

Duration of Study: 2013 – 2015 Total cost: \$15,000

This study examined family and school factors associated with preventing HIV among Black and Latino gay and bisexual adolescent males aged 13 to 19.

Co-Principal Investigator

STI/HIV Intervention Network (SHINE), University of Chicago School of Social Service Administration

Duration of Study: 2011 – 2015 Total cost: \$87,847

The overall goal was to develop a multidisciplinary network of prevention scientists and community partners to help reduce the impact of STIs and HIV on vulnerable populations.

Co-PIs: Voisin and Epperson

Co-Investigator

Funding the Source: Interdisciplinary Methodologies for Evaluation of Game-Based STEM Learning

Grant No. 1342159 National Science Foundation

Duration of Study: 2013 – 2015 Total cost: \$299,736

This project conducted a pilot evaluation of a transmedia game designed to influence STEM learning and health behaviors among African American and Latino youth.

PIs: Gilliam and Menendez

Consultant

Affective Influences on Adolescent Sexual Risk Behavior: Couple & Family Contexts

R01HD064734-01 National Institute of Child Health and Development

Duration of the study: 2010 – 2015 Total cost: \$3,408,026

The project studied Latino and African American youth, their parents and youth's romantic partners in order to develop parent-based interventions that target individual, couple, and familial factors.

PI: Guilamo-Ramos

Co-Investigator

An Innovative Approach to Preventing Depression

R34MH092467 National Institute of Mental Health

Duration of Study: 2011 – 2014 Total cost: \$465,474

This project refined a mother-based intervention to prevent depression among African American girls residing in low-income, urban settings.

Multiple PIs: Keenan and Grant

Principal Investigator

Parental Influences on the Health of Lesbian, Gay, and Bisexual Adolescents

Renée Logan Faculty Research Fund and the SSA Fund for Faculty Research, University of Chicago

Duration of Study: 2010 – 2012 Total cost: \$5,000

The overall purpose was to conduct secondary data analysis of Add Health and the CDC's Youth Risk Behavior Survey to understand parental and contextual influences on the health of LGB youth.

Co-Investigator

Reducing Teen Sexual Behavior: A Clinic-Based Approach

R34 MH078719 National Institute of Mental Health

Duration of study: 2007 – 2011 Total cost: \$652,050

The study developed and evaluated a clinic-based intervention for parents to reduce sexual risk taking among Latino and African American youth.

PI: Guilamo-Ramos

COMPLETED RESEARCH (CONTINUED)

Principal Investigator

Parental Influences on Young Adult Sexual Risk Behaviors
1R36DP001161-01

Centers for Disease Control and Prevention, National Center for Chronic Disease Prevention and Health Promotion

Duration of study: 2007 – 2009 Total cost: \$37,789

This dissertation project used Add Health data to examine sexual behavior and outcomes among a nationally representative sample of young adults and to relate these behaviors and outcomes to a comprehensive set of parenting practices encountered during adolescence.

DECLINED DUE TO FUNDING REDUNDANCY

Principal Investigator

Parental Influences on Young Adult HIV-Related Sexual Risk Behaviors
F31MH083582

National Institute of Mental Health, Ruth L. Kirschstein National Research Service Award

Duration of study: 2008 – 2009 Total cost: \$24,507

The goal was to use three waves of Add Health data to examine the relationship between parenting practices during adolescence and HIV-related sexual behaviors and outcomes in young adulthood.
